

Instruction for creating Scripture Lists for www.jwmail.com/scriptures/

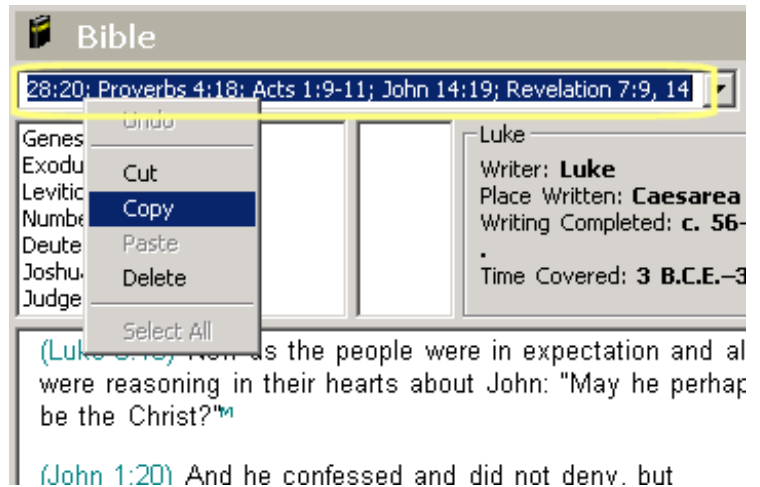

Step 1:

Open WT Library. In the Bible section, type in all scriptures in the text box (same order as they appear in the WT). Hit **<enter>** on your keyboard and be sure the scriptures list in the scripture box with no errors :

Step 2:

Once all scriptures list properly, ensuring that there are no typo's in the Scripture List, **right-click** on the Scripture List in the text box and select **Copy**.

Step 3:

(1) Open a new email message and address it to **scriptures@jwmail.com**.

(2) In the **subject** area, type the publication and date the scriptures are from.

Right-click in the body of the message and select **Paste**. The Scripture List you created should now appear in the email message. Hit **Send** and that's it!
